The CSU students will be back next week! Join us as we give a warm welcome to the 38 interns and practicum students who will be joining us starting Tuesday January 20!

Meet the types of CSU students who will be learning at the ECC

During our spring session we will have 16 interns from Human Development and Family Studies (HDFS) working between 16 to 22 hours per week in their assigned classroom. We will also have 1 student teacher from CSU’s Early Childhood Education (ECE) licensure program.

In addition, we will have a total of 21 practicum students:
• 9 of these students are majoring in HDFS
• 12 of these students are in the ECE licensure program

All of these college students bring insights from their HDFS and Education classes and so much positive energy and ideas to all seven classrooms at the ECC. We are excited to have them on board!
