ECC Families,

The CSU Early Childhood Center is delighted to be located in the heart of a warm and welcoming Old Town neighborhood in Fort Collins. The presence of our school in this environment reflects our commitment to community and relationship and we strive to be good neighbors to those who reside by our school.

We want to remind you that the ECC shares public parking with the residents of our neighborhood on the streets adjacent to our school and asks that you continue to be respectful of the needs of our resident neighbors as they utilize the parking spaces adjacent to their homes. We have designated Olive Street between Shields and Scott as a place for short term parking for parents for drop-off and pick-up. Because these are public city streets, residents of these streets are exempted from the “short-term” aspect of this policy.

As outlined on page 3 of the ECC parent handbook:

1. Short-term parking is available on Olive Street between Shields and Scott for the purpose of drop-off and pick-up. Always escort your child to and from your vehicle.

   · The parking lot on the north side of the building is designated for ECC staff only. Please use Olive Street or Scott Street for drop-off even if you are CSU faculty/staff.
   · Please obey all speed limits and be extra cautious as the area will be congested at certain times of the day.
   · Due to heavy traffic and for the safety of children and pedestrians, U-turns are not advised on Olive St. Please use Scott St. to exit the area.
   · If you park on the south side of Olive St. and need to cross the street, please use crosswalks rather than crossing in mid-block.

If you have any concerns about the use of parking space around the ECC, please direct your inquiries to Barb Benn or Jamie Alexander (who will be returning from maternity leave on March 6th).
